Just got married on Tuesday, April 14, 2009 at 6pm held at my parents home. We planned a nice small intimate wedding. I could not have planned it any better without our JP, Dale. He made this process very smooth for us and had us pick the ceremony that best fit our personality. Dale has that special quality about him that makes everyone feel comfortable and made our wedding that much more enjoyable....my family and friends were very pleased that Dean and I chose him to marry us and be part of our special day. With all that said, I strongly recommend Dale Desmarais from Hampden, MA as JP.

Sincerely, Jolie LaBonte
